Our Manifesto

Our spirit is vibrant and dynamic. It is innovative, full of talent, determination and resilience. A shared spirit that comes from our roots, fuels younger generations and defines what our country is: a land of creativity, beauty and genius, in which strength and passion unite to make us evolve and grow.

A Spirit that looks to the future with sensitivity and enthusiasm, to inspire people through sport. This will be our most important legacy.

A Spirit that clearly expresses our will to uphold and showcase the values of the Games. A Spirit that will shine in the exceptional performances of the athletes, in the flame of the Torch, in the snow of the mountains, in the lights of the cities, in the emotions that only sport can give.

**And will shine in the eyes of all of us,
coming together in an unforgettable,
vibrant, unique moment in life.**

The 4 Pillars

of our Brand

The Italian Spirit is

Timeless and Contemporary

It is ageless.

A state of mind regardless of age - a new creative energy which, starting from our roots, acts in the present and, through the values of sport, can become the foundation for future change.

Young and Resilient

It is ingenious.

The proactive mindset characteristic of the younger generation's attitude in overcoming obstacles. A reflection of our core qualities- creativity, inventiveness and problem-solving skills- all essential in meeting future challenges.

Positive and Equitable

It is about community.

It is a sense of belonging that enables us to embrace innovation and progress. To sensitively and respectfully shape a brighter, happier and more sustainable world for future generations.

Warm and Passionate

It is a response to the desire for authenticity, beauty and Italianness

that demonstrates our affinity and sensitivity for diversity, with the aim of shining a new light on the Olympic and Paralympic values.

Why we exist

To nurture the vibrant and dynamic Italian Spirit through Sport.

Vision

To celebrate the Olympic and Paralympic values with the energy of Italian contemporary culture and its unique Spirit.
To shape a healthier, brighter and more sustainable future - together.

Mission

To deliver pioneering Games inspired by a new vibrant and dynamic Italian Spirit, that will offer precious opportunities to young generations through Sport.

Personality

Milano Cortina 2026 is:
Young, Vibrant and Dynamic,
Human, Inspirational, Resilient,
Creative

Tone of Voice

Young and Open

We speak to everyone, but the younger generations are the focus of our efforts. We strive to address our audience with simplicity, conciseness and clarity. We aim for effective and open communication.

**We do not deliver speeches,
we start conversations**

Energetic and Expressive

We talk about sport, about our passions, about life. The words we choose are crucial for conveying our identity. We are vibrant, welcoming and warm people.

**We do not merely provide information;
we speak from the heart.**

Kind and Sensitive

More than anything else, sport is capable of bringing people together. Let us celebrate differences and recognise the value they bring.

Let us be open to one another, to everybody. Let us speak in a welcoming way and acknowledge everyone's individuality.

**We are not all the same;
we are wonderfully different**

Exciting and Engaging

Sport is about commitment and performance, but above all, it is about emotion. Our communication must be compelling and engaging.

**We are not self-referential;
we are enthusiastic and inclusive.**

Light and Adaptable

We need to be effective and memorable without being rhetorical or overpowering. We know with certainty who we are, and this guides us, time after time, in the right direction

**We have a solid identity,
but we never stop evolving.**

Creative and Original

We love beauty, design and innovation. We are proud of our history but embrace contemporaneity. We are constantly moving forward.

**We respect the past,
but we want to write our future.**

CEREMONIES

CEREMONIES

The geographical spread and the context of the Winter Games Milano Cortina 2026 will offer a **new scenario** from any previous editions. The **experience** of the **athletes** and all other clients will be quite different considering the extensive length of their door-to-door journey to reach the Ceremony locations.

This challenge has to be faced because it is important that the athletes experience both the **Opening** and **Closing Ceremonies**, which are significant moments of their Games experience.

To ensure the **strategic success** of the Ceremonies, it is crucial to consider and evaluate any **creative solutions** that enable **involving** all the different clusters.

We have the chance to be "**Game Changers**", offering a totally new show approach.
